What is Digital Literacy?

Digital literacy:ability to effectively and critically navigate, evaluate, and create information using digital technologies.

Useful Digital Tools for Students

- **Google Docs**for collaboration and real-time document editing.
- **Trello** for project management and organizational workflow.
- **Khan Academy**for learning support and diverse subject tutorials.

Safe Internet Practices

Use strong, unique passwords for each account. Avoid simple phrases or personal info.

Recognize and avoid phishing attempts. Be cautious of suspicious emails and links.

Keep software and devices updated to protect against vulnerabilities.

Be mindful of privacy settings on social media and online platforms.

Think before you share. Once information is online, it can be hard to remove.

Critical Evaluation & Responsible Creation

Critically evaluate information sources. Check for credibility, bias, and accuracy.

Create content ethically and responsibly. Respect copyright and give proper credit.

Practice digital citizenship. Interact respectfully and constructively online.

Master your digital world safely and smartly
